The Borrower. The borrowing entity for the Opry Mills Whole Loan is Opry Mills Mall Limited Partnership, a Delaware limited partnership and special purpose entity.

The Loan Sponsor. The loan sponsor and nonrecourse carve-out guarantor is Simon Property Group, L.P., an affiliate of Simon Property Group, Inc. ("SPG"). SPG was founded in 1960 and is headquartered in Indianapolis, Indiana. SPG (NYSE: SPG, rated A3/A by Moody's and S&P) is an S&P 100 company and the largest public real estate company in the world. SPG currently owns or has an interest in 231 retail real estate properties in North America, Europe and Asia comprising approximately 191 million square feet.

SPG purchased Opry Mills in connection with its acquisition of Mills Corporation in 2007 through a joint venture with Farallon Capital Management ("Farallon"). In 2012, SPG purchased Farallon's equity stake in Opry Mills and now has a 100% ownership interest. The Property. Opry Mills is a 1,169,633 square foot, super regional mall located adjacent to the Opryland Resort & Convention Center in Nashville, Tennessee. Opry Mills serves as a shopping, dining and entertainment destination in Tennessee and is the only mall in Nashville that features designer factory outlet shopping. The property is located in Opryland (which includes the Gaylord Opryland Resort & Convention Center and the Grand Ole Opry), which has over 3.0 million visitors each year. Major retailers and department stores at the mall include Bass Pro Shops, Forever 21, Bed Bath & Beyond, Off Broadway Shoes, Saks Fifth Avenue Off 5th, a Regal Cinema movie theater with IMAX and H&M, among others. Additionally, the property features a range of restaurants and food court tenants, including Rainforest Café, T.G.I. Fridays, Johnny Rockets, Chili's, Moe's Southwest Grill, Subway and Charley's Grilled Subs. The property provides approximately 8,073 parking spaces, resulting in a parking ratio of approximately 6.9 spaces per 1,000 square feet of net rentable area.

As of March 14, 2016, the property was approximately 98.6% leased by 168 tenants. The property's in-line tenants generally consist of national tenants, such as Polo Ralph Lauren, Nike Factory Store, Gap Outlet, Victoria's Secret, Tommy Hilfiger, Banana Republic Factory Store and Old Navy Outlet. Gross mall sales for all tenants that had reported as of the trailing 12-month period ending December 31, 2015 were approximately \$401.2 million. In-line sales per square foot for comparable stores less than 10,000 square feet were approximately \$447, \$468 and \$485 in 2013, 2014 and 2015, respectively. Occupancy costs for comparable in-line tenants occupying less than 10,000 square feet for the same time periods were approximately 11.8%, 11.8% and 11.8% respectively.

The mall originally opened in 2000 on the former site of the Opryland USA theme park but was closed from May 2010 to March 2012 as a result of flooding from the Cumberland River. The damage to the property was caused by the confluence of torrential rainfall (over 13.5 inches of rain within a 36 hour period) and the sudden release of water from the Old Hickory Dam, which was authorized by the Army Corps. of Engineers ("USACE"). The property was redeveloped during that period and a portion of the redevelopment included improvements to structural features in order to limit potential future flood damage. Additionally, improvements to the Cumberland River levee and pumping system were made and a post-flood technical report was prepared by USACE outlining how it contributed to the crisis and its intent to use this information in order to reduce consequences of any potential future flooding. Immediately following the flooding, Opry Mills was rebuilt, and re-opened in March 2012 after the loan sponsor spent over \$130.0 million to redevelop the property. Operating performance improved following the redevelopment as the re-tenanting of the center resulted in a higher proportion of national and credit tenancy.

(1) The TTM column represents the trailing 12-months ending January 31, 2016.

(2) Percentage column represents percent of Net Rental Income for all revenue lines and percent of Effective Gross Income for the remainder of fields.

(3) Other Reimbursements include utilities and real estate taxes.

(4) Other Income primarily includes income attributable to temporary tenants (including kiosk, vending machines, events and promotions), marketing income from tenants and ATM rental income.

(5) Total Expenses were underwritten to SPG's 2016 budget. Historical financials were normalized to exclude non-recurring legal expenses associated with the 2010 flooding of the Cumberland River. 2014 was adjusted by \$3.2 million and 2015 was adjusted by \$6.5 million. Borrower has provided a guaranty related to the payment of any future legal expenses in connection with such event.

(6) Underwritten Net Operating Income is higher than TTM Net Operating Income due primarily to the inclusion of four tenants, Madame Tussauds, Hofbrauhaus Beer Garden, Abercrombie & Fitch Outlet and Swarovski, all of which have signed leases but have not yet taken occupancy as well as contractual rent increases through June 2017.

Property Management. The property is managed by Simon Management Associates II, LLC, an affiliate of the loan sponsor.

Escrows and Reserves. No upfront escrows were taken at origination. In lieu of cash reserves, SPG delivered a guaranty in the amount of \$3,943,000 for the outstanding tenant improvements, tenant allowance and leasing commission obligations associated with Madame Tussauds, Hofbrauhaus Beer Garden, Abercrombie & Fitch Outlet, Swarovski and Mission BBQ.

Tax Escrows - The requirement for the borrower to make monthly deposits into the tax escrow is waived so long as (i) there is no event of default, (ii) no DSCR Reserve Trigger Event (as defined below) exists and (iii) the borrower (a) pays all taxes prior to the assessment of any late payment penalty and the date that such taxes become delinquent and (b) provides the lender with satisfactory evidence that taxes have been paid prior to the assessment of any late payment penalty and the date that such taxes become delinquent upon request.

Insurance Escrows - The requirement for the borrower to make monthly deposits to the insurance escrow is waived so long as (i) no event of default exists and (ii) the borrower provides satisfactory evidence that the property is insured under an acceptable blanket policy in accordance with the loan documents.

Replacement Reserves - The requirement for the borrower to make monthly deposits to the replacement reserve is waived so long as no DSCR Reserve Trigger Event or event of default exists. Following the occurrence and during the continuance of a DSCR Reserve Trigger Event or an event of default, the borrower is required to deposit \$19,494 per month (\$0.20 per square foot annually) for replacement reserves. The reserve is subject to a cap of \$701,780 (approximately \$0.60 per square foot).

TI/LC Reserves - The requirement for the borrower to make monthly deposits into the tenant improvements and leasing commissions reserve is waived so long as no DSCR Reserve Trigger Event or event of default exists. Following the occurrence and during the continuance of a DSCR Reserve Trigger Event or an event of default, the borrower is required to deposit \$160,825 per month (approximately \$1.65 per square foot annually) for tenant improvement and leasing commission reserves. Lockbox / Cash Management. The loan is structured with a CMA lockbox. The borrower was required to send tenant direction letters within 30 days of the origination date to all tenants instructing them to deposit all rents and payments into the lockbox account controlled by the lender. The funds are then swept to an account controlled by the borrower until the occurrence of a Lockbox Event (as defined below). During the continuance of a Lockbox Event, all rents will be swept to a segregated cash management account and held in trust and for the benefit of the lender. The lender will have a first priority security interest in the cash management account. Upon the occurrence and during the continuance of a Lockbox Event, all funds deposited into the cash management account (with respect to a DSCR Trigger Event, after payment of debt service, required reserves and budgeted operating expenses) will be held as additional security for the loan.

A Lockbox Event (as defined below) may be cured (i) if the Lockbox Event is caused solely by a DSCR Trigger Event (as defined below), by the achievement of a debt service coverage ratio based on the trailing four calendar quarter period immediately preceding the date of such determination of more than 1.60x for two consecutive quarters, (ii) if the Lockbox Event is caused solely by an event of default, the acceptance by the lender of a cure of such event of default or (iii) if the Lockbox Event is caused solely by a bankruptcy action of the property manager, if the borrower replaces the property manager with a replacement property manager acceptable to the lender under a new management agreement within 60 days after such bankruptcy action or such property manager is discharged within 90 days after such bankruptcy action without any adverse consequences to the property or the loan (each of the foregoing, a "Lockbox Termination Event").

Each Lockbox Termination Event is also subject to the following conditions: (i) no event of default shall have occurred and be continuing, (ii) the borrower may not cure a Lockbox Event (x) more than a total of five times in the aggregate during the term of the loan or (y) triggered by a bankruptcy action of the borrower at any time during the term of the loan and (iii) the borrower pays all of the lender's reasonable expenses incurred in connection with curing any Lockbox Event, including reasonable attorney's fees and expenses.

A "Lockbox Event" means the occurrence of (a) an event of default, (b) any bankruptcy action of the borrower, (c) a bankruptcy action of manager if manager is an affiliate of borrower and provided manager is not replaced within sixty (60) days with a qualified manager or (d) a DSCR Trigger Event (as defined below).

A "DSCR Trigger Event" means the debt service coverage ratio based on the trailing four calendar quarter period immediately preceding the date of such determination is less than 1.60x for two consecutive calendar quarters.

A "DSCR Reserve Trigger Event" means the debt service coverage ratio based on the trailing four calendar quarter period immediately preceding the date of such determination is less than 1.75x for two consecutive calendar quarters.

Litigation Guaranty. In connection with a casualty from a flooding that occurred at the property in 2010, the loan sponsor was involved in a 5-year lawsuit against the insurers. The loan sponsor was initially awarded \$50.0 million out of the \$200.0 million that the loan sponsor claimed, and was ultimately granted a summary judgment by the Chancery Court for Davidson County, Tennessee, awarding the sponsor \$204.0 million. The case is currently being appealed and the sponsor has provided a guaranty to the lender related to the payment of all obligations, costs, expenses and liabilities of the borrower or its affiliates incurred in connection with such insurance proceedings, including any post-trial motions and appeals arising therefrom, all attorney's fees or disbursements, expert witness fees or other related expenses, costs or fees. Neither lender nor servicer has (i) any right to participate in the insurance proceedings in any manner whatsoever or (ii) any right to approve any decisions of borrower with respect to the insurance proceedings or any appeals or settlement thereof. Any amounts received by borrower from the insurance proceedings are not required to be deposited into the lockbox account and belong to the borrower, to be retained or disbursed by the borrower in its sole discretion and control and otherwise in accordance with its organizational documents.
