- (3) The lockout period will be at least 28 payments beginning with and including the first payment date of July 1, 2017. Defeasance of the full \$1.2 billion 245 Park Avenue Whole Loan is permitted at any time after the earlier to occur of (i) July 1, 2020 or (ii) two years after the closing date of the securitization that includes the last note to be securitized (the "REMIC Prohibition Period"). The lockout period shown above is based on the expected JPMDB 2017-C7 closing date in October 2017. The actual lockout period may be longer.
- (4) Based on remeasured net rentable area of 1,779,515 square feet in accordance with current local real estate board standards which is the basis for the square footage in future leasing. The property's contractual square footage is 1,723,993 square feet as leased.
- (5) Current Occupancy includes HNA Capital USA LLC (an affiliate of the loan sponsor) and MIO Partners (together, approximately 2.7% of the remeasured net rentable area), which have executed leases but have not yet taken occupancy.
- (6) The increase in 2015 NOI from 2014 NOI was primarily due to contractual rent increases resulting in an increase in the weighted average base rent per square foot from approximately \$68.87 to approximately \$72.69 per square foot. The increase in 2016 NOI from 2015 NOI is primarily due to an increase in occupancy from 93.6% to 95.0% and an increase in in-place weighted average base rent per square foot from approximately \$72.69 to approximately \$74.66 per square foot. The increase in UW NOI from TTM NOI is primarily due to the inclusion of underwritten rent steps over underwritten rents in place, which rent steps equate to (i) for non-investment-grade tenants, base rent steps through April 2018, and (ii) for investment-grade tenants, the average base rent over the lesser of the loan term and lease term; with respect to the JPMorgan Chase Bank space subleased to Société Générale, the underwritten rent step is calculated using the average base rent over the loan term of the JPMorgan Chase Bank base rent of \$61.50 per square foot to October 2022 and the base rent pursuant to Société Générale's direct lease of \$88.00 per square foot on a remeasured square footage that is 30,831 square feet higher than the current JPMorgan Chase Bank net rentable area through the remainder of the loan term.
- (7) Initial Other Escrows and Reserves represent the aggregate of (a) \$10,298,441 for outstanding tenant improvements and leasing commissions and (b) \$1,133,167 for free rent.

(1) TTM represents the trailing 12-month period ending March 31, 2017.

(2) Based on 1,723,993 contractual square feet.

(3) Percentage column represents percent of Net Rental Income for all revenue lines and represents percent of Effective Gross Income for the remainder of fields.

(4) The increase in Underwritten Gross Potential Rent from TTM Gross Potential Rent is primarily due to the inclusion of rent steps, which are underwritten to (i) for non-investment-grade tenants, rent steps through April 2018 and (ii) for investment-grade tenants, the average base rent over the lesser of the 245 Park Avenue Whole Loan term and the applicable lease term. With respect to the Société Générale subleased space, rent steps are underwritten based on the average of the JPMorgan Chase base rent of \$61.50 per square foot through October 2022 and base rent pursuant to Société Générale's direct lease of \$88.00 per square foot through the remainder of the loan term.

(5) Expense Recoveries are calculated on a tenant-by-tenant basis according to each tenant's reimbursement methodology. Reimbursements for the JPMorgan Chase Bank space subleased to Société Générale are underwritten pursuant to the triple-net JPMorgan Chase Bank lease; upon the commencement of Société Générale's direct modified gross lease in October 2022, the tenant is instead required to reimburse expenses over a base year of 2013.

(6) Other Income consists of licensing fees, utility fees, generator fees and other miscellaneous items.

(7) The increase in 2015 Net Operating Income from 2014 Net Operating Income was primarily due to contractual rent increases resulting in an increase in the weighted average base rent per square foot from approximately \$68.87 to approximately \$72.69 per square foot.
